DISINFECTING & CLEANING MACHINES

KAIVAC 1750

Designed for total soil removal, No-Touch Cleaning® combines an indoor pressure washer, chemical injection and wet vacuum technologies onto a single space- efficient platform. The results are sparkling clean restrooms, kitchens, stairwells and more without ever touching a contaminated surface. No more soil, no more odor, no more complaints.

- Accurate chemical metering
- Clean outside areas, Drive-thrus, parking lots and sidewalks
- Reliable wet vacuum motor
- Industry's best squeegee blades for maximum soil removal

MOONBEAM 3

- Highly effective – Targeted UVC light provides optimal disinfection in as little as 3 minutes
- Strong coverage and penetration – Adjustable coverage with high intensity
- Material compatibility – Safe and effective for hard surfaces
- Nontoxic – No fumes or chemicals

iMOP

The maneuverability of a mop with the cleaning performance of a walk-behind floor scrubber. The i-mop XL® makes it possible to clean any surface with freedom of movement and great ease of use. No borders or boundaries. This machine isn't just designed for cleaning, it is designed for the cleaner.

NILFISK ADVANCE SC250

The battery powered Advance SC250TM micro scrubber delivers the cleaning performance you require in the compact size you need. Two solution flow settings provide the flexibility of increasing the water flow during extra tough cleaning tasks – ensuring effective cleaning and maximizing productivity.

- Compact and Maneuverable
- Fast and Effective Cleaning
- Battery Powered

HALOSIL - HALO DISINFECTION SYSTEM

- Safe for patients and staff
- Non-corrosive and biodegradable, excellent material compatibility, safe for use around computers and sensitive electronics
- Repeatable and reliable efficacy of a sporicidal product
- Coverage that gets into hard to reach overlooked places
- Improved control over quantity of dispensed disinfectant with no potential for cross-contamination
- Low capital and consumable cost
- Reduced labor –No touch automated system that is simple to operate, portable and easily stored

CLOROX TOTAL 360

Keep your facility healthier while saving time, money and labor. The innovative electrostatic sprayer, delivers trusted Clorox solutions to the front, back and sides of surfaces. Superior coverage for better germ protection.

WHEN USING CLOROX TOTAL 360 DISINFECTANT:

- Kills 99.9% of bacteria in 5 seconds
- 44 organism claims
- One-step disinfecting
- Eliminates odors
- Sanitizes soft surfaces
- Inhibits the growth of mold and mildew for up to 7 days

CLOROX TOTAL 360 DISINFECTANT

Eligible for use against SARS-CoV-2, the virus that causes COVID-19, based on the EPA's Emerging Viral Pathogen Policy.
